

# TWIT CHAIN WHITEPAPER

# Why TWIT CHAIN?

Twit Chain is a new community driven token in the ETH landscape. Following the steps of Daruma and Tsuka. Tsukaram aims to provide amazing returns to its investors and deliver real life and potentially life changing utilities, that are being discussed as you read this whitepaper.

The main goal of Twit Chain is to appeal to investors from Daruma and Tsuka but most importantly we want to introduce crypto to new investors and want Twit Chain be the token that gets them into cryptocurrency. Our goal to focus on bringing Twit Chain to grow with many holders , with the help of a solid team and a solid community.

This safe and low tax token will bring many features and utilities in the coming future, one of the things that makes Twit Chain safe is the fact that the liquidity of Twit Chain is locked, which means there is no chance of rugpull.

# TWIT CHAIN Swap

**TWIT CHAIN** aims to bring its own swap so that holders can easily swap eth to TWIT CHAIN back and forth. As the swap is made by the TWIT CHAIN Team, users can swap tokens in an easy and secure way.

TWIT CHAIN swap will be responsive, and will introduce many groundbreaking features for the Holders like Staking their TWIT CHAIN token. Viewing their old transaction from the connected wallet. Easily accessing the chat and so on.

With the Help of TWIT CHAIN swap Holders can also look at transaction, Holders can view recent transaction happening on the TWIT CHAIN atmosphere as well as look at their positions.

Furthermore features are being discussed as well as the interface are being made more responsive the progress will duly be updated on the Telegram community as well as on other versions of the Whitepaper.

# FUTURE BNB BRIDGE

As we know TWIT CHAIN is a long term project, we are serious to bring this to a wide variety of investors and are planning to bridge TWIT CHAIN to the Binance Smart Chain as well in the upcoming phase of our project.

The main goal of TWIT CHAIN is to bring back the trust people once had in the crypto landscape while improve lives and generate incredible returns to our investors.

We will be incredibly excited to announce our TWIT CHAIN on the Binance Smart Chain Chain.

All updates about our bridge as well as further updates will be given on our official telegram groups or on our official website.

# TWIT CHAIN NFTs (TBA)

We will start with 5 NFT collection, We will have staking for more nfts once we have the shop with over 500 NFTs created for TWIT CHAIN web dev. Team growth means everything to us we will try and bring the best out here as we speak we are connected with biggest influencers in crypto space.
